### Tour Notes

The morning after arrival the captain aims to be at sail by 7.30am, this all depends on the coastguard issuing permission for your boat to leave dock, sometimes, but not often you may find a short delay. First day breakfast is served around 8.00am.

The dive plan during the course of the week on average starts with a 05.30am dive briefing, at this time tea, coffee, water & biscuits are available, once back on board after breakfast you will take another dive, after lunch you take your 3rd dive, then later a night dive before dinner.

On your last day of diving you will be able to complete 2 dives before your boat returns to dock around lunchtime, the afternoon is now available for you to wash, dry and pack your equipment.

Your last night will be spent at the Marina Lodge hotel in Port Galib on a H/B basis. You will be collected approximately 2.5hrs before your flight for the short transfer to the airport.
